

Former Coshocot Man Shot in Indiana

EDWARD GIBSON, WHO LEFT HERE FIVE YEARS AGO, MEETS TRAGIC DEATH

Shot Five Times in Back By Proprietor of Theatres in Indiana — Wife Came From Cambridge And Funeral May Be Held There.

The following dispatch from Vincennes, Ind., containing the account of the tragic death of C. Edward Gibson, a former resident of Coshocot who had many friends here comes as a surprise to the many Coshocot people who know him.

Gibson was an oil promoter and spent several months out of each year, in Coshocot transacting his business. While here he stopped at the Mecca hotel with his wife and they made many friends.

Gibson was born in Cambridge and the early part of his life was spent in the steel mills at that place but early in life he gave this up to devote his entire time to the oil business, in which he amassed a fortune. It was while he was transacting oil business locally that he lived in Coshocot. He left here about five years ago and went to the Indiana and Oklahoma fields. Several Coshocot people corresponded with Mr. Gibson until a few years ago.

Vincennes, Ind., Oct. 4.—C. Edward Gibson, 42, wealthy oil operator, who amassed a fortune in the Illinois oil fields, was shot and instantly killed by Menlo E. Moore, 33, proprietor of theatres in Washington, Bedford, Mitchell and Vincennes Gibson was shot five times in the back.

Moore jumped on a train and went to Washington presumably to join his wife, who is visiting her father, Arnold J. Padgett, but was arrested as he left the train.

The shooting, which is alleged to be a direct result of attentions paid Moore's wife by Gibson, took place on the Union station platform.

Mrs. Gibson was formerly Miss Hamme of Cambridge, O., and her parents from that place are visiting her here. It is probable that Gibson's body will be sent to Cambridge, O. for burial.

West Lafayette Socialist Writes Book on "War"

George R. Kirkpatrick, the well known West Lafayette young man who has become one of the leading lights of Socialism and has lectured on that interesting topic in Coshocot, has just published a book, entitled "War—What For?" Here is a stray sample of the vigorous style in which he declares war on war:

Capitalists want wars.
Politicians declare wars.
Preachers pray for victories in wars.

Workingmen fight in wars.
If the masters want blood let them cut their own throats.
Let those who want "great victories" go to the firing line and get them.

If war is good enough to pray for, it is good enough to go to—up close where steel flashes, bones snap and blood spurts.
They say "War is Hell."
Well, then, let those who want hell, go to hell.

Murray are interested, located on the farm of Court Bailiff William Wright in Jackson township, was shot at noon Monday, but the production of the well cannot be determined for several days until the hole is cleaned out. Sixty quarts of nitro glycerine were used in the shot. No accidents marred the shooting which was seen by several Coshocot men interested in the outcome of the hole.

Coshocot's 100th Birthday Jan. 30th

Coshocot will be 100 years old Jan. 30, 1911, instead of in April as generally believed.

The records show that the town of Tuscarawas was established at the forks of the Muskingum, opposite Roscoe (the present site of Coshocot), April 30, 1812, and that the legislature passed an act establishing the village of Coshocot Jan. 1811, taking in the greater portion of the village of Tuscarawas and throwing part of it back into the county.

The old records also show that the county at that time reached from Bolivar, now in northeastern Tuscarawas co., to the Scioto river on the west.

The facts were Mr. Liewer was in New York at the time and knew nothing of the case. On behalf of the factory he admitted three, and the balance of the cases were dismissed and the matter wiped off the docket.

These young women recently sailed for Europe to be gone for a year or two, and before they went away they made all arrangements for his reception and entertainment. The bedroom in which he will sleep cost Mr. McDonald more than \$100,000.

Mr. Morgan will remain in Cincinnati for three weeks attending the sessions of the Episcopal convention, which will begin tomorrow. WIRELESS

Fight Imperial Lives—Rival Companies Intercept Each Other's Messages — Ship Unable to Get Aid.

Buffalo, N. Y., Oct. 4.—In the city courts here the legal questions involved in the use of the air by rival wireless (telegraph) companies were brought up and speedily taken to the special term of the state supreme court. The lawyers concerned say they will fight right through to the United States supreme court.

There are two wireless companies on the Great Lakes, one having the passenger boat service. The other has stations at various points on the lakes, the Buffalo office being on the beach here.

A fortnight or so ago a Detroit boat bound down blew out a cylinder head off Long Point, but was unable to signal Buffalo because, her operator and the Buffalo operator alleged, the rival operator would strike in with a meaningless stream of dashes whenever the boat sought to send a message.

A warrant was sworn out for the operator charging violation of the law forbidding interference with telegraph business. The prisoner's counsel swore out a writ of habeas corpus and took the case to the supreme court, desiring a test decision. One operator swore that his instructions were to interfere with all messages of the rival company, which would include distress signals.

The porker's pen is elaborately bedecked with banners bearing the name of the Russian prince, and great crowds of sightseers gathered about the pen throughout the day. It proved the amusing feature of the big fair.

HURRY UP SCHOOL WORK FOR THE FAIR

Supt. Bryant is particularly anxious that all manuscripts for the educational exhibit at the fair will be in by Saturday morning at the latest. The papers seem to be coming slow and it is feared that if all wait until the last minute the work of binding them will be delayed so that they will not be finished in time for the first day of the fair. Mr. Bryant says the manuscripts have all been prepared and are finished by now and it is merely negligence that is delaying their delivery to him.

NO CURE FOR NEW DISEASE

A prominent local physician said Tuesday when talking of infantile paralysis that the statement made recently in local newspapers that the use of diiodogen or hydrogen peroxide applied to the throat and nostrils was a preventative for the disease was misleading to say the least. He says that so far medical science has found no preventative for the disease owing to the peculiar circumstances connected with it and there is no known cure for it. He says that the statement was made before any extensive researching was done. He says the only thing that can be done is when the illness of the child looks suspicious send it at once to the family physician for treatment.

NOT GOOD AFTER OCT. 11, 1910

Every Moment Precious During This Period

You Can Do a Great Deal Between Now and
October 8—Be Alert

ONLY FOUR MORE DAYS OF THIS SPECIAL

And During That Time There Should Not
be Any Let Up to Your Activities.

Less than five more days remain of the Special Piano offer, and you should not lose any time getting every subscription possible. Every moment is precious and you can't afford to lose one of them. It may be that you can secure enough votes in this offer to win your prize. At least, it is foolish to be idle while this splendid offer obtains. If you are averse to entering yourself, nominate some particular friend, whom you would like to see win, then go after the subscriptions as you never went after anything in your life.

There are a lot of people in this world today who can never amount to anything for the simple reason that they are not sufficiently aggressive. Instead of determinedly going after whatever they may want they sit down and wait for it to come to them. However, they are the ones to suffer for it, and it is nothing more than justice that they should. Don't be one of these people; get off on one side of the fence or the other and strike out for yourself. You'll like it after you've had a taste of it.

If you are entered in this contest put your best foot forward and don't be satisfied with anything but the larger term subscriptions, as this your votes will count up much faster. If you are not entered yet, get in today and show those who are sitting on the fence what a hustler can accomplish in a few weeks. Don't take time to worry about what the other girl may have. Let her do the worrying. Just see that you yourself have a goodly number of votes and keep trying to add to them.

Some of you are doing fairly well, while others of you seem to be doing absolutely nothing. What did you enter the race for if you didn't intend trying to win? During accidents, you'll never get anything in the world if you don't help yourself to it. It's foolish to waste your time wishing for something when you could just as easily take it by force.

The days of furies and wishes are gone. This is the age of individual effort. Unless you employ this you are more than likely to be left behind in the race.

And now, to wind up our talk with you, let us advise you to get right to work. Don't be content with one subscription, but as soon as you have obtained it start right out after another. Don't stop to rest until the contest is over and you have received your prize. I will be time enough to rest then.

STOMACH AT FAULT
Indications of Disturbed Digestion
Are Often Mistaken for Other Disorders and Cause Unnecessary Alarm.

Palpitation of the heart does not imply that the vital organ is diseased. Pain in the back does not necessarily mean kidney disease.

Headache does not often indicate that there is anything wrong with your head. All of these symptoms are caused by stomach trouble and when this is righted the alarming symptoms disappear. If you have them look to the condition of your stomach for the cause before you start to treat the symptoms rather than the disease.

If the sufferer from any form of stomach trouble is pale and the blood thin, the first step toward restoring the activity of the stomach is to improve the condition of the blood. A supply of rich, well-oxygenated blood is necessary to the processes of digestion and with it, errors in diet are avoided, nature will work a cure. This is known as the tone treatment for indigestion and is illustrated by the experience of Mrs. C. L. Ketchey, of No. 1001 25th street, Rock Island, Ill., who owes her recovery from stomach trouble to a thorough trial of Dr. Williams' Pink Pills. She says:

"I was sick for several months with stomach trouble and nervousness. I had no appetite and what I ate pained me and formed gas. Later I had palpitation of the heart. It was almost impossible for me to get any sleep. I became run down, weak, despondent and discouraged and could not bear to have any noise around me.

"At first I thought the doctor was helping me but I really became no better. When I heard of Dr. Williams' Pink Pills I made up my mind to give them a trial. It was only a short time before I began to feel better, had a good appetite, could rest well and I was cured after taking only a few boxes. I always depend upon Dr. Williams' Pink Pills and recommend them heartily.

The tonic treatment with Dr. Williams' Pink Pills by building up the blood so that it can nourish and strengthen the weakened digestive system has made hundreds of cures in the most severe stomach disorders. A new edition of the booklet, "What to Eat and How to Eat," is free on request. Send a postal for it. Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by the Dr. Williams' Medicine Company, Schenectady, N. Y.

PREDICTS SQUIRRELS WILL ALL BE GONE IN FEW YEARS

"It will be only a matter of three or four years" said Will Valentine, one of the best posted sportsmen in the city, "until squirrels will be extinct in this section of the country. They are migrating to other fields now. Almost any day you can see the little fellows running across roads and fields and crossing streams in large numbers headed for other feeding places. The only reason I can give for this is the lack of feed. This year there are very few nuts for them to feed on excepting the acorns. This has been the case for the past several years." He says that squirrels this year are scarce and hard to find.

MRS. STILLWELL GETS FAMILY COW AND OTHER ALIMONY

Judge W. E. Weyandt on Saturday evening in the Stillwell vs. Stillwell alimony matter allowed Mrs. Stillwell the use of the family residence, the cow, all the hay and corn on the lot and in the barn, and credit for \$10 at the meat market and the same at the grocery store.

The alimony hearing brought out the fact that matters have not been harmonious at the Stillwell home for some time. At the hearing, Judge Stillwell, who is one of the best lawyers in this vicinity, was the star witness in his own behalf, and he took up the greater part of the time talking, leading out from questions asked by his lawyer, and talking for several minutes on each topic assigned.

Judge Stillwell is at present practicing in Indiana, and is also in partnership with his son, Wayne Stillwell, in the practice of law in Milwaukee.

Mrs. Stillwell was in the rear of the room with a daughter, Saturday, and her facial expressions showed that she resented many of the things said by her husband.

The case will come up for hearing on its merits some time this fall. Mrs. Stillwell's charge against her husband is cruelty and failure to provide. Stillwell says he provided so well that his wife ran him in debt, and says that a few months ago he got a fee of \$100 and when he got around and got his bills all paid, there wasn't a cent left. This Mrs. Stillwell denies—Wooster Republican.

FUNERAL TOMORROW AT BIRD'S RUN

The funeral services over the body of the late John McGleath, who died at his home near Birds Run Monday morning, will be held Wednesday afternoon at 2 o'clock with Rev. Scott officiating. Mr. McGleath had been ill only a short time with stomach trouble. He formerly lived in Plainfield having only recently moved to Birds Run.

The greatest crisis in a woman's life is when first she becomes a mother. All the physical strength of her nature is demanded at such times, and it is necessary that her system be thoroughly prepared for the event, in order that her health be preserved for future years. Mother's Friend is woman's safest reliance; it is a medicine for external use, composed of oils and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of baby prepares the muscles and tendons for the unusual strain, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. Free Dyspepsia Sample

Sufferers from indigestion are waking up to the fact that peppermint lozenges, charcoal and "dyspepsia cures" are only makeshifts in the cure of so troublesome a complaint as chronic indigestion. What is required is something that will not only relieve but which will tone up the digestive apparatus to again do its work normally, and these simple remedies cannot do.

There is something more to the cure of indigestion than sweetening the breath, and yet a remedy that only contains digestive ingredients will not cure permanently, as the basis of indigestion is poor bowel circulation, and that requires a scientific laxative. We know of no remedy that combines these requirements better than Dr. Caldwell's Syrup Pepsin, which has been sold for a quarter of a century.

Dr. Caldwell's Syrup Pepsin is a laxative tonic, a scientific blending of natural ingredients for the cure of constipation, indigestion, liver trouble, sour stomach, sick headache and similar complaints. Its ingredients will go straight to the stomach and bowels, strengthen and tone the stomach and bowel muscles that they will again do their work naturally, and when that has been accomplished your trouble is over. Fannie Stuart, Staunton, Va., was a long-time sufferer, as was O. Tuck, Blackburn, Mo., and they both found their cure with this remedy. They became convinced that pills and tablets, salts, "dyspepsia cures," etc., were at best only temporary relief. They first accepted Dr. Caldwell's offer of a free sample bottle, which he willingly sends to anyone who forwards name and address. Later, having convinced themselves through the free sample, they bought Syrup Pepsin of their druggist at fifty cents and one dollar a bottle.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 1151 Caldwell Building, Monticello, Ill.

THE COUNTY FAIR.

The great cities of the land every once in a while expend much time, energy and treasure in having an exposition, showing what the people of that particular part of the world have been doing for themselves and each other. The county fair is the exposition of the county. It is a success or a failure only as the people of the county show interest in it. Coshocton has always had the best county fair in the state largely because the people take an interest in it. The year has been one of the largest and increase in this county and the displays at the fair ought to surpass any of any former year. Lend your presence and help make the fair a grand success.

BUSINESS PICKS UP.

There is a better feeling pervading Coshocton than there has been for the past 20 months. There is a brisk demand for houses. Gradually the list of employees of the great Clow plant is growing. Houses are in more demand. Retail business is picking up. The prospect for autumn and winter is brightening. The past year or two in Coshocton has been hard in a business sense. The country has been prosperous and there is no reason why good times should not again set in and stick right by this, the best town of the size in the state.

We trust no one will be called upon to use their telephone to inform the department of a fire, during the shut-down of the fire alarm system.

The only fellows who seem to succeed cutting La Follette to any advantage are the surgeons.

Church suppers invariably and always pay the man who goes and spends his quarter.

When you go to the fair, see if your young hopeful's work is on display in the educational section.

Somebody's going to get that handsome \$350 piano next Saturday night. Do you know her name? It belongs to the girl who hustles.

The old Biblical quotation might be used in the squirrel season, "many are sought but few are put in the game bag."

October may be an autumn month but July hasn't much the best of her this year in broiling hot weather.

TEN YEARS AGO

From The Age of Oct. 4, 1900.

Much interest is being manifested in the opening game of the football season at Riverside park tomorrow between the Millersburg high school and Coshocton high school and a scrappy game is assured.

Contractor Kisser received the balance of the cement for the Second street paving and it is thought that the street can be opened by Wednesday of the fair. Two blocks were to be completed and workmen began spreading the cement Wednesday and will complete the work today. The cement should stand ten days but under favorable circumstances until Wednesday will give the cement time enough to be hardened and ready for use.

William Jennings Bryan will be in Coshocton for at least an hour on Oct. 13 on the course of his three days' flying tour of Ohio.

All the painters in the city this morning walked out on a strike and committees from both contractor and men are at work endeavoring to come to terms. Over 20 men are affected. The strike has been imminent for several days and was only precipitated after several attempts at settlement had failed.

Complaint is being generally made about the condition of Burt avenue, and some action should be taken regarding it by the authorities. Near the alley between Orange and Walnut there is a veritable bog pond filled with stagnant waters bordered with a growth of weeds. The avenue has more the appearance of a country road than of a street in a thriving city.

SAGE OF THE AGE

The squirrels seem to be plentiful but who is getting any?

The glass factory is started now for a steady run till next summer.

The reports that nuts are scarce this fall do not refer to peanuts.

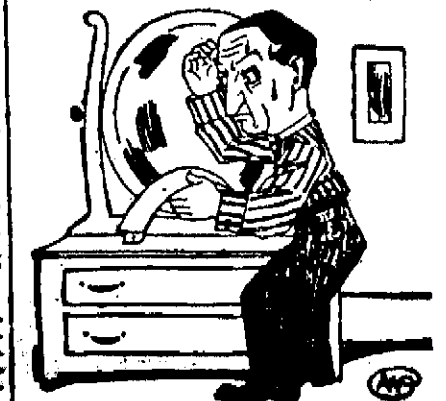

Of course Dan Barcroft will be at the fair next week; he never misses.

The Coshocton football team lost at Dresden Saturday but there's plenty of time to put a few victories to their credit.

Miss Desmond will show Coshocton just what the hobble skirt looks like.

Years of Suffering

Catarrah and Blood Disease - Doctors Failed to Cure.

Miss Mabel P. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with catarrah and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of this medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from catarrah."

BEGY'S MUSTARDINE

Acts Quicker and is More Efficient Than a Mustard Plaster.

When C. E. Anderson secured the agency for Begy's Mustardine he did a good turn for hundreds of people in Coshocton and vicinity, who suffer from neuralgia, headache, earache, toothache or pain in chest or back.

A twenty-five cent box of Begy's Mustardine will cure more aches and pains than forty dirty, old fashioned mustard plasters.

Rub it on—that's all—it's clean—won't soil, and is absorbed so quickly by the pores that pain and agony promptly vanish.

Used for cold in head or chest, and rheumatism and swollen joints it gives surprising results.

A yellow box full for 25 cents, and money back if it isn't satisfactory. No! it won't blister and it's better than any liniment. Ask for Begy's Mustardine.

VICTIM OF DRINK NEEDS ORRINE

Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary. Orrine will destroy the desire for liquor, so that the drink will not be missed and restores the patient to health.

This remedy is thoroughly scientific and is so uniformly successful that it is sold with a registered guarantee to refund your money if it fails to effect a cure. Booklet on "How to Cure Drunkenness," free on request. The Orrine Co., 436 Orrine Building, Washington, D. C. Sold in this city by C. E. Anderson.

'HELLO, HOW IS YOUR ARM?'

Jay Cullison, clerk at the Cantwell Shoe Co. store on Main street, is being made the blunt of a laughable joke Monday as a result of a mere pin prick inflicted by a friend Sunday evening when a hat pin enter his arm.

Monday morning the telephone bell rang and was answered by one of the clerks at the store. At the other end of the line was a young lady who asked for Cullison. The clerk told her that he was out and would probably not be in for several days as he was having trouble with one of his arms. When questioned as to the cause of the trouble, the young man told her that it was the result of a bee sting. The young lady hung up and since that time has called up just exactly 8 times inquiring after young Cullison.

The arm in question bears a slight evidence of the Sunday night accident and the joshing of his friends hurts worse than the pin prick.

Col. Lanning Killed 48 Yrs. Ago Today

Forty-eight years ago today Col. Richard Lanning, after whom the local G. A. R. Post was named, was killed at the Battle of Corinth, Miss. In the battle, Col. Lanning lies in Oak Ridge cemetery in an humble grave, marked only by a soldier's marker, near the gate of the burying ground. The county should erect a monument to the memory of him boys who fell during the civil war and the other gallant Coshocton co-boys who fell during the civil war.

JAY REASONER'S BROTHER FIGURED IN ACCIDENT

Mr. and Mrs. Clyde Reasoner of Zanesville, had a narrow escape Sunday when the rear axle of their motor car broke near Mt. Vernon and let the car drop to the ground. The fact that they were going slowly to cool the radiator was all that saved them. Mr. Reasoner is a brother of Jay Reasoner of this city.

New Brand of Heat on Tap for This Winter

Coshocton users of central heat are getting a brand new kind of heat this winter. The old plant has been torn out and a new centrifugal pump, the most modern kind, electrically driven, has been installed. It is the vacuum system and there is no "pumping" felt in the mains, being a steady and continuous flow. The heat has already been turned on in about half the connections and a force of men are testing the radiators over the city as fast as the heat is turned in the lines. The new pump pumps out going full, 2 1-2 million cubic feet of water every 24 hours, a greater capacity than the pumps in the city water works station.

J. C. Adams Takes Charge of Shoe Store

John C. Adams, to whom Wolf Kurson, proprietor of the People's shoe store in the Dr. S. J. Smith building on Main street, made an assignment late Monday afternoon, has given bond in the sum of \$10,000 with W. A. Himebaugh and T. H. Wheeler as sureties. The law requires that the bond be double the amount of the stipulated value of the property. The shoe store and fixtures are therefore estimated at about \$5,000.

SEEVERS' LAXATIVE TONIC TABLETS.

The Correct Laxative for Women. Mere physical beauty, enticing as it is, will not permanently avail in the absence of a clean, fresh, healthy skin and complexion. A woman may have perfect features, a youthful form and a graceful figure, but without the health and bloom of clear skin, perfect beauty is impossible. When the skin is muddy or cloudy or marred by moth spots and pimples nine times in ten it is due to nature's inability to perform the function essential to perfect health. Many a Coshocton lady could truthfully tell of the remarkable properties of SEEVERS' LAXATIVE TONIC TABLETS as a skin beautifier, and the reason is easy to find. They are purely vegetable extracts known to have a selective action for the skin. They improve the complexion, clear up the skin, enrich the blood, stimulate the liver, tone up the intestines and cure chronic constipation by encouraging the bowels and assisting nature to do its own perfect work. C. E. Anderson's drug store recommends them with every confidence and a 25 cent package of SEEVERS' LAXATIVE TONIC TABLETS must do as is claimed of them. You can have your money back.

building burglaries and will push the case. Sunday night the building was broken open and someone entered and took some pictures off the wall. The board suspects one person and a watch will be kept for him.

Sickening headache, indigestion, constipation, indicate unhealthy condition of the bowels. Hollister's Rocky Mountain Tea makes the bowels work naturally and restores your system to perfect health and strength. Begin tonight.

For the occasion the house was decorated with a profusion of dahlias, cosmos, ferns and begonias. An informal program was given, opened by a delightful little address of welcome by the new president, who was introduced by the retiring president, Mrs. J. R. Johnson.

Roll call was responded to with anecdotes, and some very clever ones

were given. The program consisted of two readings by Mrs. E. C. Delhart, a piano solo by Miss Jessie Smith. Baker, formerly of Coshocton, but has been living in Clarksburg, W. Va., for some time, was received. The announcement was supposedly sent from the parents of the bride elect, but may have been sent by some of the friends as a joke. However, if it be true, the many friends of both Miss Jones and Mr. Baker, hasten to extend the heartiest congratulations. Miss Jones is one of the most charming girls who visit Coshocton. She has been entertained in Coshocton by Miss Ann Anderson, Mrs. Chas. Ransom, and Mrs. Garvey Gayle (Marie Hay), now of Clarksburg, who attended National Park Seminary at Forest Glen, Md., with Miss Jones.

Mr. Baker made his home in Coshocton until recently. He is a graduate of Coshocton high school, and attended Kenyon college at Gambier.

Elaborate Scenery.

At tonight's production of "The Sixth Commandment" at the Sixth Street theatre Coshocton theatre goers will see some of the most elaborate scenery that has ever been set on the local stage. The company carries a car of scenery all of which is practically new and painted by some of the best known scenic artists in America. Especially beautiful is the set used in the first act. The

color scheme carried out in this is wonderful. Not only does the company carry the scenery but also all the "props" used in the show including furniture, etc. The house at Cambridge where the company showed last night was packed to the doors and the Cambridge people went literally wild over the play.

The "Sixth Commandment" Company arrived from Cambridge on No. 19 Tuesday noon for their Coshocton engagement at the Sixth Street theatre tonight. The leading man was formerly a Presbyterian pastor but left the pulpit for the stage which he thinks ranks with the pulpit in the teaching of great morals.

The first paper given was by Mrs. Arthur Woelfle, and was a very well prepared article on "Pre-historic Ohio." Famous and interesting landmarks were spoken of, the most prominent of which are the mound at Cedarville and the highway on the Winfield Miller farm, near Coshocton. "Aboriginal Highways" was the title of Miss Sadie Smith's paper, and it was a splendid one, explaining the development of the present good roads from the old Indian trails, which were really the paths used by the animals of the forests.
The club elected Mrs. Carl Herbig as representative to the state Federation of Women's club, to be held in Oberlin the week of October 18th. The next meeting of the club will be held at the home of Miss Maera Palm, on Sycamore street in two weeks.

"WHERE QUALITY COUNTS"

THE CANTWELL SHOE COMPANY

Shoe Factory Wants To Locate Here

J. W. Almack Will Erect New Basket Factory on Northern Border of Clow Addition — Proposition To Build Sidewalk Down Sixth Street To Clow Plant Also Considered.

Work is to be begun soon on a new concrete block building diagonally across the railroad from the lower plant of the American Art Works to be used by John W. Almack as a basket factory. The basket factories, owned by Mr. Almack at Dresden and Mt. Vernon, are to be moved to Coshocton and consolidated into one big plant, an agreement having been reached by Mr. Almack and the Coshocton board of trade Monday evening. The building is to be 30x100 ft. and to be located on a piece of ground, 120x191 feet, given to Mr. Almack by the board of trade from the strip reserved from the Clow addition for factory purposes. Mr. Almack will also erect a warehouse on a lot next thereto, and will employ more than 30 men. The Mt. Vernon plant is the same one that he removed from Coshocton several years ago, but because of the scarcity of lumber in that vicinity he brings it back here.

Another important feature of the session of the board was the consideration of a proposition from a big shoe company to erect a branch factory in Coshocton to employ 200 to 300 people. It is a "going" concern and has a large factory in a city not far away that is overcrowded with work. Negotiations are now on.

The board also took up the matter of a sidewalk from the city down Sixth-st. to the Clow plant. The latter agrees to build a walk over the strip reserved from the Clow addition for factory purposes.

Refreshments were served at the conclusion of the meeting by the hostess, Mrs. Chas. C. McMichael.

MADE THEM STAY IN BETWEEN ACTS

Over at Ulrichsville the chief of police Saturday night compelled boys and men to remain in their seats between acts, as they were going out so often that they annoyed the patrons of the house.

TWO TABLETS AND STOMACH MISERY GONE

C. E. Anderson sells and guarantees the best prescription the world ever knew for disturbed and upset stomach, gas, belching, heaviness, heartburn, acid stomach and biliousness. It is called MIO-NA, remember the name, and it banishes distress from over eating or fermentation of food in fine minutes.

It is guaranteed by C. E. Anderson to cure indigestion, sick headache, nervousness and dizziness, or money back.

No matter how long you have suffered you will find a certain cure in MIO-NA stomach tablets.

"About six weeks ago I purchased a box of MIO-NA tablets for an aggravated form of stomach trouble I had tried different physicians and a great many patent remedies, but of no use, until I used MIO-NA. They entirely relieved me from pain, and I can now eat most any kind of food and relish it."—A. J. Fish, West Carthage, N. Y.

MIO-NA stomach tablets are only 50 cents a box at C. E. Anderson's and druggists everywhere. Get a trial treatment free, by writing Book's MIO-NA, Buffalo, N. Y.

Nearly everybody knows that Ivory Soap is the best of bath, nursery and fine laundry soaps.

But a great many people do not know that it is just as good for the toilet as for the bath.

It is, though; and for the same reason: *It is pure soap and nothing else.*

REDS DEFEAT NEW CHAMPS

Reds Win Game by Score of 5 to 3.
Zimmerman Slugs Ball.
Cincinnati, O., Oct. 4.—The Reds
defeated the new champions, 5 to 3.
Phelan's hitting counting largely in
the run-getting. The feature of the
game was Zimmerman's two most
wonderful hits ever made in baseball.
The first ball Sluggs pitched to him
in the first inning he hit over the
center field fence, and again in the
third inning he hit over the left field
fence. In nine years no player ever
hit the fences here on the fly. He
came near duplicating again in the
eighth, when the ball just barely kept
from going over, giving him a triple.

WM. BURNS WRITES FROM NEW YORK

Coshocton Man Describes Busy Scenes in Gotham— Is Attending Eye Insti- tute.

Win. Burns, who has just returned
from New York where he has been
attending an eye institute, wrote the
following letter which arrived here
Monday:

New York, Oct. 3.—That all the
world's a stage, and we the players,
is most strikingly evidence in this
greatest of American metropolitan
cities, and what a great busy, rush-
ing, fascinating, pleasure taking
scene it is. Here one can see every
form of man's most modern and sci-
entific invention. In two large parks
on the outer limits of the city the
trees have been felled, buildings and
fences removed, and everything
placed without obstruction for the
daring aviator with his flying ma-
chine, and where may be seen any
afternoon demonstrations in flights
in the air. Turning around, we may
see anchored off Thomasville, four-
teen of Uncle Sam's latest evolutions
in the new Dreadnaught Battle ships.
Today the 15,000 Jackies who have
been for the past three months in a
severe drill in target practice and
maneuverings of the great vessels,
are turned loose, and squads of them
may be seen on nearly every street
we turn. They like ourselves are
gazing with amazement on the never
ceasing work of man. A few years
ago the Tribune building was the
highest of the sky scrapers, but how
insignificant it looks compared with
the magnificent tower building of
the Manhattan Co. and still more
dignified when we look upon
America's most recent work of sky-
scraper architecture in the wonder-
ful Singer building over 630 feet in
height; and as we walk along we
have no reason but to think we are
walking upon the solid earth, until
we come to a place all leveled off in
the heart of the busy street and peer
down into a great hole in the ground.
Here are men working night and day
with great power drills, drilling into
the great rock upon which this city
stands. All day long we hear the
noise of the drills, and at midnight
and later hours of the night, our
slumbers are disturbed by the tre-
mendous blasts of dynamite used in
these excavations, where some day
will rush the electric subway trains,
that run now from near the Bowery
on up to 120th street. Just think of
train after train load of people rush-
ing along at 50 miles an hour 50 feet
under our feet—a vast honey-combed
tunnel, under the immense 10, 15
and 20 story buildings of the city,
and over eight miles in length, and
not satisfied with riding in this great
tunnel through solid rock, man's in-
geniously turned toward, and under
the very bed of that great waterway,
the Hudson river, a veritable arm of
the sea, and has tunneled away over
to the Jersey shore, and now we are
shot through the great steel "tubes"
as they are called, which line the
tunnel, and in which will run in
time, two double sets of tracks, two
above the other two, making four
trains of cars to come and go at the
same time. Saturday morning at
daybreak will be seen from 50,000 to
100,000 automobiles assembled from
all New York to witness the great
Vanderbilt cup race. Unless one goes
the night before, with one or two
blankets, and camp outfit he need
have little hope of seeing much of
the races. Last year they thought
by changing the hours until later—9
a. m.—the crowds would be larger,
and the unpleasant experiences of
the night obliterated. But no, the sport-
ing fraternity refused to accept the
annual, and darkness of such an hour,
so back to the gray tint of moon,
with its dampness and wilderness
for her. Today New York went
"shopping mad," upon the event of
the opening of the great new store
building just erected and filled with
an entire new stock, and thrown open
for the first time, by the Gimbels Co.
of Philadelphia. The building was
most gorgeously decorated without
and within by the finest decorations
ever before used for such purposes.
For a month they have had great
cuts of their building in the papers,
and below these words, "A Store
Without a Customer, But Not for
Long." So today when the doors were
thrown open, and the bands began to
play, the public seemed simply hyp-
notized. So great was the rush that
all the reserve policemen of the city
were drawn up in cordons and with
great difficulty kept the great surging
masses from trampling each other
down. At times it was simply im-
possible for street cars or any
kind of wagons or vehicles to pass
along the streets and rumor has it
that over one million dollars passed
over their counters during the day.
The windows are full of the newest
creations in dress for the fair won-
en, as well as men. The fabrics
shown on some of the figures in Mc-
Creer's and other prominent stores
are all of large pattern figures such
as one used in furniture upholstery.
The waists mostly covered with de-
licate laces. We noticed some of the
delicate netted laces interwoven with
gold threads in prices from \$125 up

to \$200. The stores are full of crowds
seen mostly in the delicate robe shown
in hats—well most any conceivable
an attempt to use an old coat seems
inverted on the head will do. Some
of that huge size that comes down
and covers the whole head to the
shoulders, with a piece cut out to
see where the wearer is going, and
on down to the close fitting turban
without brim, made up mostly in sat-
in or velvet, and with and without
plumes, are just the style. Oh yes, I
forgot to mention the skirts are made
quite close fitting all the way down,
mostly with a ball shaped bottom, but
frequently we see the latest ultra-
the hobble skirt, made so close
around the ankles it seems almost
a guess how the wearer walks. And
really to see one of these "smart set"
rigged up in one of the large sizes
of coal scuttle hats, with great
plumes of feathers standing up in the
top, and wearing a hobble skirt. We
are tempted to stop and think: "Je
whiz, wouldn't that make a dandy
scare crowd outfit if put up around
one of our farmer friend's premises?"
The large black and white hats with
immense ostrich plumes are still the
dress hat for evening wear.

In jewelry the diamond brooch,
necklace and Princess wings are seen
in the boxes at the best theatres, and
the old time lorgnette eye glasses,
with long chain set with stones are
all the rage, even among young la-
dies as well as old.

My work at the eye institute covers
about six hours each day, the re-
minder of the time I have mostly de-
voted to recreation and sight seeing
and can say to my friends one and
all, New York will ever afford you
a mecca of interesting sights and
profitable experiences, unequalled any
where you may go.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It makes Weak Women Strong. It makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drug. Is a pure glyceric extract of healing, native American roots.

FRED D. WARREN PREDICTS BRIGHT FUTURE FOR SOCIALISM

The Sixth Street theatre was fairly well filled Monday evening when Fred D. Warren, editor of the Socialist paper "The Appeal to Reason," gave an interesting address.

The meeting was scheduled to begin at 8 o'clock but Mr. Warren missed connections and came on the Wheeling & Lake Erie and as his train did not arrive till about nine o'clock the crowd was kept waiting about an hour.

Mr. Warren is a man of intelligence and he held the earnest attention of his audience. He said that a fine of \$1,500 and a sentence of six months in jail is hanging over his head, having been convicted by a jury of offering a reward for the capture and kidnapping of a "fugitive from justice," Gov. Taylor, of Kentucky. He told of what he said to the judge when the judge asked him if he had anything to say. Mr. Warren said that another man charged with sending an indecent proposal to another man's wife got off with a sentence of 25 days in jail.

He said that The Appeal to Reason now has a circulation of half a million. He told of the efforts made to curtail its circulation by charging excessive postage rates.

Mr. Warren described the methods used in "railroading" Moyer, Haywood and Pettibone to the gallows, branding it as murder pure and simple. He bitterly criticized the federal courts.

Mr. Warren said that Socialism has spread to all parts of the world and the number of Socialists has not decreased in a single country but on the other hand the ranks of Socialism are growing stronger each day.

Why not get some now—this moment, and forever rid yourself of Stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50c for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out of order and uncomfortable now, you can get relief in five minutes.

Horse Got Away. After searching all night for a horse which had been tied to a post Clifford Wright of near Cooperdale found it at Cooperdale. The horse had been hitched Sunday night to a post in front of the West Bedford church and when church had been dismissed the horse was gone. One spoke was broken out of one of the wheels of the buggy. It is thought that the horse broke away from its hitching.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY. Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such ointments should not be used except on prescriptions from reputable physicians as the damage they will do is too told to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by J. C. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by J. C. Cheney & Co., Testing the Cures. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.
